

# LEAN Manufacturing

Six interactive workshops lead by engaging **LEAN** experts from Western Technical College geared for **REAL** workplace enhancement!

*LEAN implementation is focused on getting the right things, to the right place, at the right time, in the right quantity to achieve perfect work flow while minimizing waste and being flexible and able to change. LEAN aims to make the work simple enough to understand, to do, and to manage.*

**LEAN in your workplace will:**

- Shrink lead times
- Save turnover expenses
- Speed sales growth
- Invigorate employees
- Increase profits
- Reduce waste
- Multiply inventory turns
- Avoid unnecessary equipment expense

*Each of the six hands-on workshops may be taken in succession. To attain a LEAN Certificate, all six must be completed.*

**LEAN Training for EMMA Members**

Classes will be held from 8:00 a.m. - 4:00 p.m. at the Lunda Center on Western Technical College campus.

This training is funded through Sector Strategy Initiatives from the State of Wisconsin Department Workforce Development. Instruction provided by Western Technical College. Affirmative Action/Equal Opportunity Employer/Program. TTY users 1-800-947-3529. Auxiliary aids and services are available upon request to individuals with disabilities.

## EARN A CERTIFICATE IN LEAN!

To earn the Lean Certification, you must attend the six full-day Lean workshops and complete an on-site company project. Western Technical College project managers are available as mentors to assist you with your implementation. Afterwards, your company will be ready to continue the journey with ongoing improvements that directly affect your bottom line.
